Dear Sir/Madam,

Summer Dance Forever, an initiative by Paradiso and taking place in the summer of 2013, is an international urban dance festival that combines workshops, battles and theatre performances. We aim to upgrade the level of urban dance worldwide and we like to provide in that by bringing in international teachers and dance schools. From January 31st until February 9th 2013 we will organise a winter edition including several dance events and classes.

Paradiso, located in Weteringschans 6-8, 1017 SG in Amsterdam (The Netherlands), officially invites the students and teachers of Dance Academy (St. Petersburg, Russia) to participate in our winter edition from January 31st until February 9th 2013.

It's important to learn from different styles, cultures and nationalities. It is how we believe in the growth of urban dance. In view of the Netherlands and Russia bilateral year 2013, we find the presence of Dance Academy St. Petersburg, Russia, of particular importance as it will contribute to the cultural exchange between the two countries.

For any requests or further information do not hesitate to contact Paradiso/Summer Dance Forever by email (info@summerdanceforever.com) or calling to +0031 206264521.

Yours sincerely,

Kees Heus
